S-SERIES PORTABLE BLAST EQUIPMENT

**HIGHLY
RENTING
PROFITABLE**

**FOR THE RENTAL
INDUSTRY**

RENTAL LINE BROCHURE

SANDBLASTER RENTING IS A HUGE PROFIT CENTER!

RENT THE COMPLETE SET-UP TO GET MORE FROM YOUR CURRENT INVENTORY!

Air Compressor

HOW IT HELPS YOU
Renting a compressor with that sandblaster utilizes more of your fleet.

\$\$ RENT YOUR COMPRESSORS \$\$

HOW IT HELPS YOUR CUSTOMER
Your customer gets the convenience of getting everything they need to get the job done from your facility.

Blasting Media

HOW IT HELPS YOU
Your customer will go through an average of 500lbs/hour of media, sell it to them and make an average profit of:

\$2-\$6 Profit/Bag

HOW IT HELPS YOUR CUSTOMER
Your customer gets the convenience of getting everything they need to get the job done from your facility.

Pirate Brand® Air Dryers

HOW IT HELPS YOU
Depending on their size, air dryers have an average rental rate of:

\$30-\$200 Rental Rate/Day

HOW IT HELPS YOUR CUSTOMER
Air dryers will prevent lost time as a result of moisture related clogs that occur when blasting media gets wet.

Air Hoses

HOW IT HELPS YOU
Make more by renting the air hoses to your customer.

\$ RENT HOSES \$

HOW IT HELPS YOUR CUSTOMER
Your customer gets the convenience of getting everything they need to get the job done from your facility.

Profitability Breakdown

Daily Rate:	\$100 - \$135
1 Hour Billable Clean-up:	+ \$45 - \$65
10% Maint/Dmg Waiver:	+ \$10 - \$13
Total Daily Rental:	\$155 - \$213

At this rate, the blaster will pay for itself in 11 to 15 daily rentals!

Daily Rates based on collected data obtained from several rental houses on 3.5 cu ft capacity Pressure Release Blasters. "Pay for itself" figures based on current 3.5 cu ft capacity pressure release system cost.

PIRATE BRAND® Portable Abrasive Blaster

HOW IT HELPS YOU
Sandblast equipment is highly profitable to rent. In fact, for our most commonly sold rental portable blaster, it pays for itself in 11 to 15 daily rentals. That's incredible when you consider that a typical life for one of our blasters is 10 years. In addition to the revenue generated by the blaster itself, you profit from all the other components that must be rented with the blaster.

\$100-\$135 Rental Rate/Day + Extras

HOW IT HELPS YOUR CUSTOMER
Your customer can get everything they need from you to strip a car, refurbish a piece of large equipment, sandblast a water tower or any number of abrasive blasting projects.

Respiratory Protective Equipment

HOW IT HELPS YOU
In addition to the rental rate for the breathing equipment, you will get the added revenue for the purchase of a replacement filter cartridge and outer lenses. We stock the ASTRO™ Respirator by RPB Respiratory® because it is designed with the rental industry in mind and is easy to service/clean. To provide extra comfort in hot climates, add a cool tube which can lower the supplied compressed air temperature by 60° F.

\$35-\$60/Day + Repeat Customer

HOW IT HELPS YOUR CUSTOMER
Your customer will be able to blast in comfort and will be much more likely to re-rent the equipment in the future. It is extremely uncomfortable (and not very safe) to blast in a canvas hood and will likely lead to that customer never wanting to rent the equipment again as a result of the bad experience.

DESIGNED FOR THE RENTAL INDUSTRY

SPR RENTAL SERIES

1.5 / 3.5 / 6.5 cu ft Capacities Available

The SPR (Pressure Release) Series of Rental Blasters is the perfect line of blasters for your everyday rental needs. It features a simple two valve design with pneumatic controls that is both reliable and easy to maintain. The pressure release system pressurizes and automatically depressurizes with each push of the remote control handle.

FEATURES

- Easy to maintain 2 valve design
- Loading Skid/Valve Protector provides easy loading/unloading and protection for your investment
- Included Lid and Screen prevents foreign objects from clogging the metering valve resulting in service calls from the customer in the field
- All galvanized pipe string for long life
- Included moisture separator
- Full user's manual attached to blast machine

SODA STORM SERIES

1.5 / 3.5 / 6.5 cu ft Capacities Available

The SPH (Pressure Hold) is a versatile blaster that can handle all the same types of media that the SPR systems can, plus soft blast applications like corn cob, walnut shell & soda blasting. In short, it is one machine that can do it all.

FEATURES

- Pressure Hold design perfect for all types of blasting including soft blasting such as corn cob or soda
- Switch between soda and other types of blasting with a simple switch of the tungsten-carbide sleeve (both included)
- Loading Skid/Valve Protector provides easy loading/unloading and protection for your investment
- Included Lid and Screen prevents foreign objects from clogging the metering valve resulting in service calls from the customer in the field
- Includes a vibrator for better flow of soda abrasives
- Wet or dry blasting with our included water induction nozzle
- All galvanized pipe string for long life
- Included moisture separator
- Full user's manual attached to blast machine

ASTRO™/Radex™ Respirator System

Rental houses love this respirator for several reasons. First, it is sturdy and durable and can stand up to tough use. Second, with its easily removable head suspension, a quick spray down is all the cleaning it needs. Third, it is easy to maintain with parts that can be replaced using conventional tools. Lastly, with each rental you get to charge for the used filter and lenses.

BULK BLASTERS

160 cu ft Capacity Bulk Blasters

Pirate Brand® also manufactures a full line of bulk blasters perfect for any bulk blasting application. Pneumatic or electric controls... two, three or four outlets... highway trailer, yard trailer or skid mounted... we have the bulk blaster you are looking for. We support our bulk blasters with a comprehensive array of accessories including abrasive storage hoppers, bulk bag racks and much more. Contact us for more information and ordering details.

PIRATE BRAND®

Parts and Supplies For Your Sandblasting Equipment

Of course, we carry a full line of parts to support our equipment but we also manufacture thousands of aftermarket replacement parts for other sandblasting manufacturers common to the rental industry like Schmidt®, Empire™, Clemco®, PK Lindsay, and many more*. These parts are 100% compatible and equal or better in quality to the original part. We believe in quality, reliability and productivity so we subject all our products to strict quality control testing to ensure the best possible performance is achieved.

In the tough world of abrasive blasting, quality is crucial,

...and Pirate Brand® delivers.

*Pirate Brand® is not affiliated with nor endorsed by the manufacturers mentioned in this flyer with the exception of RPB Respiratory.
